FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Activity Description

Each pod session is 45 minutes long, unless otherwise noted.
Activities are available to students Kindergarten through 8th Grade. Students may register for any site, not just their neighborhood school.

Pods will be organized by gender and age.

Activity sessions will be comprised of a variety of activities including sports drills, skill building activities, and socially distant group games. All students and staff will wear masks during the program and maintain 6 ft of social distance. Pods will be distanced 30ft apart. Students should be prepared to be outside, regardless of weather. We will always try to utilize covered areas, as space and program numbers allow.

We are sharing spaces with Junior and Senior High Activities. Some sites will have space for more pods than others. We will do our best to accommodate students at the site of their choice. Students are not required to attend at their neighborhood school.

Additional activity options will be added as weather, daylight, and sites become available.

Coming soon…Swimming Pods!

A.J. West Elementary
Monday & Wednesday 3:30pm, 4:30pm, 5:30pm, 6:30pm
Tuesday & Thursday 3:30pm, 4:30pm, 5:30pm, 6:30pm
